To Whom It May Concern,

Recently, I hired Sean Lovelady with CUE 3 Productions to do a video for my website johnpyron.com, and right from the start, I was impressed with his professionalism. He was very patient, gave me great ideas, and produced an amazing video for my website.

Since then, he's done several other videos for me that have been amazing, and I have decided to use CUE 3 Productions for all of my video and audio work, and I am recommending him to all of my clients as well.

If you would like to reach out to me for any reason, please call me at 916-765-2596 or send me an email to jpyron@johnpyron.com

Best Regards,

John Pyron
President and CEO
